Fotofacial-Intense Pulsed Light

Used to reduce the signs of aging and sun damage and restore natural beauty with no down time. The Fotofacial treatments consist of a series of 4-6 treatments. This series helps reduce redness and flushing, rosacea, diminish brown spots and blotchiness, and improve skin texture. Treatments are performed to improve signs of aging and sun damage.

Laser Hair Removal

Unwanted hair- nobody likes it, and nobody wants to have to deal with it. At Allen Aesthetics and Laser Center our goal is to provide the most technologically advanced techniques utilizing only the highest quality, state of the art equipment. Equally as effective for men and women, it works anywhere on the body, for all skin types. Laser hair removal can be achieved by precisely following the treatment protocol recommended by your technician. Not only can we remove your unwanted hair we can reduce/cure ingrown hairs and beard bumps.

Jessner's Chemical Peel

Produces beautiful results with greater exfoliation. The Jessner peel is excellent for all skin types. It smoothes and rejuvenates skin, producing beautiful results in treating mild to severe acne, discoloration, moderate wrinkling, and sun damage. Peeling the face, neck, hands and upper chest is also quite effective.

The Jessner's Peel combines resorcinol, lactic and salicylic acids to result in deeper penetration and greater exfoliation of the outer skin cells. This deeper exfoliation produces noticeable flaking three to four days after the peel, and within a week smoother, healthier layers of skin will be revealed.

Don't forget ...
